

MICHAEL SEITSINGER.

[To accompany bill H. R. No. 177.]

MARCH 5, 1840.

MR. CARR, from the Committee on Revolutionary Pensions, made the following

REPORT :

*The Committee on Revolutionary Pensions, to whom was referred the petition of Michael Seitsinger, report :*

The petitioner sets forth that he served in the revolutionary war : that he made application to the Commissioner of Pensions, or the Department of War, for a pension ; and that his application was refused, upon the supposition that he was too young to have been in the service at the time he states he was in the service.

The committee have examined the evidence, and deem it sufficient to entitle the petitioner to relief. Two witnesses swear to six months' service, both of whom are certified by justices of the peace to be credible persons. The committee, therefore, report a bill.
